TOWING AND STORAGE RATES

Rates and charges for towing and storage of vehicles as a result of Los Angeles County Sheriff's Department activity or in the performance of duties as an official garage, shall not exceed the following rate schedule. Additional charges shall not be made for special equipment or service necessary to prepare vehicles for towing, except as provided therein. Rates and charges shall be posted in the office and all bills shall be itemized.

SHORT TERM RATES

1. TOWING

   Charges shall be based on an hourly rate for time actually consumed. This is when the tow vehicle departs the tow service to the vehicle to be towed, and back to the tow service with no stops in between.

   Automobile and motorcycle rates shall be $187.00 for the first hour or fraction thereof, $93.50 for each additional half-hour or fraction thereof over the first hour.

2. SPECIAL CIRCUMSTANCE TOWING - WILDERNESS AREA

   Frequently, automobiles/motorcycles will end up in ravines/canyons in the mountains or desert that can only be towed utilizing heavy-duty or special equipment and personnel. The standard tow rate for an automobile tow cannot reasonably apply under these circumstances. Establishment of a specific rate cannot address every circumstance. In these circumstances a reasonable rate based on equipment used, time spent, and personnel involved shall be presented. Such billing shall be itemized, listing the time, equipment and personnel used. In no case shall the rate charged exceed that established under Heavy-Duty Towing Charges.
